OUTCOMES

WHAT CAN YOU EXPECT TO DO?

CREATE

A prototyped solution that is piloted in real local communities.

LAUNCH

and test it

MEASURE

key impact metrics (behavior change, usability, reach)

ELIGIBILITY

YOU ARE:

- **15 YEARS -20 YEARS**
- **A STUDENT**
- **LOOKING TO TURN IDEAS INTO TESTED, REAL-WORLD SOLUTIONS.**

THEN THIS IS FOR YOU!

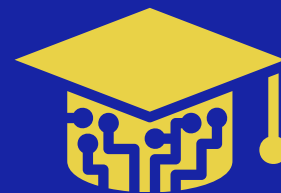

CLIMATE CHANGE X FINANCE

A World Bank study estimates that climate change could push **100 million** people into poverty by 2030, largely due to financial losses from climate events.

Explore how tools like insurance models, welfare schemes, and climate-linked relief can protect vulnerable communities.

TECH X EDUCATION

India is home to over **250 million** school-going children. But millions are still underserved. What happens when you use tech like chatbots, AI tools, or mobile-first learning platforms to bridge this gap?

prototype simple but scalable solutions, make learning accessible, contextual, and fun—redefining learning beyond the classroom walls.

ART X DESIGN X SUSTAINABILITY

INDIA'S HANDICRAFT SECTOR EMPLOYS OVER **7 MILLION ARTISANS**, YET MANY STRUGGLE TO REACH WIDER MARKETS. THIS THEME TAKES ON THE CHALLENGE OF WORKING WITH A ORG'S PRODUCT LINE.

THE GOAL? EXPAND INTO NEW MARKETS WHILE ALSO USING DESIGN AS A TOOL FOR CREATIVE EXPRESSION AND SUSTAINABILITY.

HEALTH & INNOVATION
