**DID YOU
KNOW??**

***What if your classroom WAS the real
world?***

India will have 7
cities with over 10
million people

One in three young
people will battle
loneliness

An average commuter
will spend 20 days a
year stuck in traffic.

The ocean is
warming 4x
faster than
predicted.

A gig worker will
earn less than the
bare minimum on
most days.

**BY
2030**

These are Real issues. Real people. Real learning.

With us, You can work on projects that matter,
guided by mentors who have already built change
from the ground up.

Highlights of the Program

- explore issues from a global lense
- solve real problems
- learn how your ideas can make an impact.

Because you don't have to wait to change the world, you just need to start seeing it differently.

Explore action-driven learning and hands-on projects.

SOCIAL ENTREPRENEURSHIP

A YOUNGSTER'S DESIRE FOR SOCIAL GOOD!

No matter where they begin, young people today have a strong desire to give back. Some come unsure of what form that should take. Others have a general idea, a college path they're preparing for — finance, medicine, tech. And some already know what they want and are looking for their next big step.

Wherever they are on that path, we've seen something incredible: given the right environment, they grow

.Social entrepreneurship is for a Changemaker who has already started their initiative and are getting stuck. By spending 6 weeks with us we help them expand their project

**FOR ADVANCED
CHANGEWARRIORS**

TO TAKE YOUR PASSION PROJECT TO THE NEXT LEVEL!

How will you contribute as a young social entrepreneur?

• Design and initiate local to pan-India interventions.

• Immersive program transitioning from vision to impact

• Pursue awards for funding and global recognition of your solutions.

GOOD

AREAS OF FOCUS

FINANCIAL CONFIDENCE

Financial Literacy: Address the challenge of limited money conversations in Indian households and schools. Through interactive games, and real-life simulations participants learn the essentials to make confident, informed financial decisions later in life.

THE ECONOMY EXPLAINED

Economic Literacy: Demystify complex economic ideas and help communities understand how systems like inflation, shrinkflation, and banking impact their daily lives. Transform economics from abstract theory into a tool for understanding!

FROM IDEAS TO IMPACT

Business & Entrepreneurial Literacy: Equip aspiring entrepreneurs with the knowledge and tools to turn ideas into thriving ventures. Through workshops on business planning, cash flow management, marketing, and innovation,

TECH & ECONOMIC EMPOWERMENT

AREAS OF FOCUS

ARE NONPROFITS READY FOR AI?

India's nonprofit sector is just beginning its AI journey. Partner with nonprofit teams to explore how generative AI can transform their work — from writing reports and creating visuals to analyzing data.

UPSKILLING FOR THE FUTURE

Equip students with future-ready skills through hands-on learning in tech innovation and digital productivity. From exploring AI, app design, chatbots, and UI/UX to mastering everyday tools.

CREATIVE TOOLS FOR CHANGE

Harness creative digital platforms like Canva, animation tools, and digital marketing to tell stories that inspire. Through hands-on sessions, participants learn to design, communicate, and create content that sparks awareness and action.

STEM & EDUCATIONAL OPPORTUNITIES

tribes
for
GOOD

AREAS OF FOCUS

APPLIED STEM: CURIOSITY IN ACTION

Ignite curiosity and creativity through applied learning that connects science and math to real life! From solving everyday challenges to uncovering the physics behind sports and the engineering in music, students explore how STEM shapes the world around them.

CLOSING THE GENDER GAP IN STEM

Challenge gender stereotypes in science, technology, engineering, and math. Celebrate the achievements of women innovators past and present, and inspire more girls to pursue careers in STEM

CURIOSITY KITS

Extend the impact of learning beyond classrooms by creating educational materials and curriculum for Nonprofits. From magazines and worksheets to blog series and “Curiosity Kits.” These student-designed resources make quality education accessible to more learners!

SAFETY & WELLBEING

AREAS OF FOCUS

MENTAL HEALTH: ART FOR EXPRESSION

Many students from low-income backgrounds face emotional challenges but lack safe spaces to process their feelings. Use art, storytelling, and group activities as tools for healing, self-expression, and resilience.

DIGITAL SAFETY

With over 13.9 lakh cybersecurity incidents in India in 2022, digital awareness has never been more urgent. Support participants identifying phishing scams, ransomware, and financial fraud while exploring ethical hacking, cyber defense, and AI's role in cybersecurity.

YOUTH PROTECTION

Empower underprivileged children to understand and assert their fundamental rights, from survival and education to protection and digital safety. Build a culture of respect, safety, and equality for every child.

FREE EXPRESSION: JOURNALISM & LAW

tribes
for
GOOD

AREAS OF FOCUS

ETHICAL JOURNALISM IN THE DIGITAL AGE

Explain how news is created and consumed, how to identify bias and misinformation, and how to verify facts using credible sources. You can put these principles into action by building community-driven platforms

LAW & SOCIAL CHANGE

From gender justice and environmental protection to labor rights and digital privacy, this campaign examines how organized movements and citizen action have influenced India's legal landscape. Interpreting law and key fundamental rights.

RETHINKING GENDER ROLES

Through creative workshops and open dialogues, participants explore identity, confidence, emotional intelligence, consent, and boundaries. By engaging both girls and boys, the program encourages empathy, mutual respect, and self-expression

HEALTH EQUITY & DISEASE PREVENTION

tribes
for
GOOD

AREAS OF FOCUS

ACCESS TO WELFARE SCHEMES

Equip beneficiaries with basic digital skills to navigate the Ayushman Bharat portal, access telemedicine services etc. This campaign helps bridge the gap between welfare programs and the people who need them most.

SUBSTANCE ABUSE #NOTJUSTAPHASE

Through open dialogue and awareness sessions, this campaign sheds light on the growing risks of substance abuse and equips communities with tools to support prevention, empathy, and early intervention.

EAT LIKE A GIRL: BODY POSITIVITY

Challenge diet myths and beauty stereotypes while promoting body confidence, self-care, and mental well-being. Participants learn to celebrate their individuality and redefine what it truly means to eat—and live—like a girl!

URBAN CITIES & SUSTAINABILITY

AREAS OF FOCUS

SHAPING LIVABLE NEIGHBORHOODS

Urban cities don't have open spaces that are conducive to play or relaxation. Interview residents, street vendors, senior citizens, and children and create Canva prototypes showing "before and after"

AIR POLLUTION ON HUMAN LIFE

Air pollution is our new reality, leading to respiratory issues. Build awareness campaigns urging greener transport choices and cleaner city planning.

ENFORCING THE RIGHT TO WALK!

Advocate for creation of pavements that citizens can use. Conduct a Walkability Audit and document what's broken - missing pavements, blocked paths, unsafe crossings. Use your findings to advocate for better-designed, people-first streets.
